

PRODUCT INFO

DOMETIC OCEANAIR SKYSHADE CABINSHADE

The blackout properties of the Cabinshade make it perfect for small windows in the cabin, with the option of fitting it on the hatch, for a seamless look. Cabinshade is larger in profile than the Portshade model, so it can house more fabric. This makes it ideal for larger applications.

ENJOY PRIVACY AND DARKNESS

Quick and easy to install, Dometic Oceanair Skyshade Cabinshade is a custom sized cassette roller blind housed in a functional extrusion for hatches or windows. Also available in a wide range of standard hatch sizes, Cabinshade can be used for vertical or horizontal surfaces. This blind has been thoroughly tested, ensuring that it can withstand the harsh marine environment.
