 **DOMETIC**

THE IDEAL BLIND FOR LARGE PORTLIGHTS, HATCHES AND CABINS

This secure roller blind with an enclosed cassette is designed to create a sleek & stylish finish within any marine interior. The Dometic Airshade features our Solar White, Beige, Moonlight White and Night White fabrics, all of which are water repellent, UV Resistant and completely blackout. Ideal for larger window applications with quick and easy install with just two screws, the Airshade is the ultimate blind for boaters and RVers looking for a simple and effective shading solution onboard.

Benefits with Dometic Airshade

- Suitable for larger applications up to 1900mm wide, and 1500mm drop
- PrecisionRise control mechanism, allowing for secure stop at any given height
- Enclosed tubing which gives a sleek & stylish finish
- Easy installation with only two screws
- Customisable through a variety of fabrics, hold down options, fixing positioning or hardware colour
- Hold downs are not required
