BLINDS WITHOUT CORD HOLES

Dometic Oceanair Skysol Honeycomb offers superior light control. With no visible cording holes to the face of the fabric, you can achieve a thorough blackout coverage for a great night’s sleep and complete privacy. On top of that, the Skysol Honeycomb has a range of fabric and colours to choose from. Its slim profile makes it ideal for slim recesses. Powered operation is available with 12 V DC, 24 V DC or mains motors, operated by hand held remote, or integration into the control system.

BENEFITS WITH SKYSOL HONEYCOMB
